TED TALK

NOTICE

Date:09/08/2016

It is here by informed to all the UG students that on 13/08/2016 TED TALK is arranged on topic "Creativity using waste materials". So all the students attend the same without fail in seminar hall.

TED TALK

Report

The faculty of Physics department arranged TED Talks on 13th August 2016, Saturday at 4:00pm in seminar hall for B.Sc. Sem.V Class.

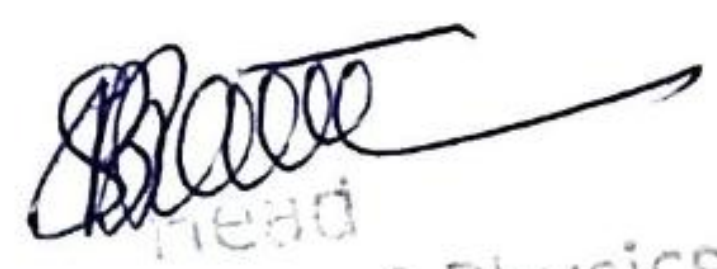

The first talk 'Technology' by Vinay Venkatraman has the basic idea of innovation and exploration of creativity using waste materials. This lecture gave an idea of preparation of useful tools by making use of dumped materials. It is followed by the second talk on Green energy relating to the air conditioning the environment of huge buildings such as FIFA stadium. The main idea of the talk was to make use of Nonconventional energy like solar energy and how to save the available power.

Dr Suresh C Pattar arranged and discussed the themes of both the talks. The UG Students actively participated and interacted positively. Total 116 B. Sc. Sem. V students, ten faculty members including PG and five other department faculty members attended the session.
