DEPARTMENT OF BOTANY

TED TALK REPORT

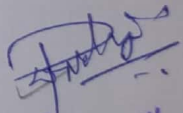

Department of Botany has organized a TED TALK for B.Sc II, IV and VI semester CBZ students on 27.01.2018 at 4.00pm. The TED TALK was on "How can we make crops survive without water" by Prof.Jill Farrant of Cape-Town University, South Africa. She is leading expert on resurrection plants. She explained how resurrection of plants comes to life from desiccated seemingly dead state. In her research she found out that it is due to a set of genes which produce a type of protein which lead to drying of plants but they are alive like seeds. She explained how these genes are also present in all plants but they are "off" in most of plant cells; but switched on in seeds.

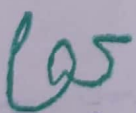

Drought resistant crop improvement with gene-transfer is also done by different scientists from France, Netherland etc.

TED TALK was followed by a discussion and interaction. B.Sc. II, IV and VI CBZ students and all the faculty members of botany Department attended the TED -TALK..

DEPARTMENT OF BOTANY

**TED TALK REPORT**

Department of Botany has organized a TED TALK for B.Sc I, III and V semester CBZ students on SATURDAY 12-8-2017 AT 4.00PM IN SEMINAR HALL. The TED TALK was on "EVERY POLLEN GRAIN HAS A STORY" & "THE BEAUTIFUL TRICKS OF FLOWER" BY JONATHAN DORI.

TED TALK was followed by a discussion and interaction. Many students actively participated in interaction by asking questions regarding as per the topic. Faculty members actively participated in interaction by answering the student's questions. Totally the TED TALK was a useful session for all BOTANY students.

The TED TALK was attended by 154 students of B.Sc. I, III and V sem CBZ students and the faculty of botany Department. Prof. G M Meti (Zoology Dept.) and Prof. Kumar Ravindra (Sanskrit Dept.) were also present.

At the outset Prof G.M.Nesur, welcomed the faculty and the students to the TED TALK. Dr. Paramanna D. HOD of Botany department introduced the topic in brief. At the end Prof G M Nesur proposed vote of thanks.
