**TED TALK REPORT 2018 – 19**

Our Department has arranged a TED TALK on the topic “Why You should Love Statistics” by Alan Smith on 22-09-2018. This Talk has been arranged for B.A and BSc. Students. students have benefited from this.

Think you're good at guessing stats? Guess again. Whether we consider ourselves math people or not, our ability to understand and work with numbers is terribly limited, says data visualization expert Alan Smith. In this Smith explores the mismatch between what we know and what we think we know.

**TED TALK REPORT 2018 – 19**

Our Department has arranged a TED TALK on the topic **“Why Statistics Are Fascinating: The numbers are us”** by Alan Smith on 09-03-2019. This Talk has been arranged for B.A and BSc. Students. Students have benefited from this.

In this Ted Talk Alan showed how data can confound your expectations. Along the way, he busts the myth that there are two type of people: those who “do maths” and those who “don’t”.
