### **Guidelines for slow learner (Weak Students):**

- The connotation of academically slow learner (Weak Students) means those who could not keep pace with the classroom teaching needs extra attention so as to bring such students at par with the rest of the students of the class.
- Slow learners are identified based on their performance in University Examination of previous semester and internal examinations.

### **Measures taken for improving academic performance of these students**

- (i) Remedial/Extra classes are conducted with appropriate focus on the subject/topic codes in which the students are found to be slow learners
- (ii) Individual academic counseling is done by concerned subject teacher.
- (iii) Student helpdesk.
- (iv) Students study groups are formed for peer-to-peer learning.
- (v) Personal counseling is done through mentoring (Teacher guardian) scheme which takes care of the students mentors maintain the entire academic record of the student which is also conveyed to the parents time to time by the teacher guardian. Slow learners are counseled and motivated by the mentors.

## A Report

The students of BSc all semester studying in Chemistry attend remedial classes as per time table, In remedial classes we discussed highlights of the chapter's and revised them.

The objective of conducting the class was to help the students to score better in term end examination to be conducted by the University in April 2018.
