REPORT

MUMBAI DABBAVALA

The Dabbawalas , also spelled dabbawallas or dabbawallahs, called tiffin wallahs in older sources, constitute a lunchbox delivery and return system that delivers hot lunches from homes and restaurants to people at work in India, especially in Mumbai.

The lunchboxes are picked up in the late morning, delivered predominantly using bicycles and railway trains, and returned empty in the afternoon.

They are also used by meal suppliers in Mumbai, who pay them to ferry lunchboxes with ready-cooked meals from central kitchens to customers and back

The 2013 Bollywood film The Lunchbox is based on the dabbawala service.

Students were amazed by the hardwork the Mumbai dabbawalas do.

REPORT

CONVERTING GARBAGE TO GOLD

Almost everything that we use can be recycled whether it is household materials like paper, plastic, metal, glass, furniture, toys, artifacts, vehicles, etc. Besides, opt for things from the market that can easily be recycled. Also, try to use merchandise that is made up of recycled products.

In addition, sort your waste and dump your recyclable waste in the recycle bin so that the authorities can recycle it.

To Sum it up, recycling is a small step by humans to save the environment. But this small step is very effective in the long run. Also, before throwing away the waste we should check it to see if there is a recyclable product in it or not.

The feedback was amazing by the students and were keen to apply them in their daily life .
