Career Oriented Programme In Economics

BUSINESS ECONOMICS

Report/Outcomes Year- 2018-19

Economics is not a collection of facts to be written down and memorised. Economics is a way of thinking about the world– and the world is always changing. Economists have developed a set of simple but widely applicable concepts and principles that are useful for understanding economic situations ranging from decisions that individuals make every day to decisions made by firms and governments in complex markets. The objective of this course is to help students learn and understand these concepts and principles and to apply them to a variety of economic situation.

### Course Outcomes

On completion of this course, the students will be able to:

- To understand the concepts of cost, nature of production and its relationship to Business operations.
- To apply marginal analysis to the “firm” under different market conditions.
- To analyse the causes and consequences of different market conditions.
- To integrate the concept of price and output decisions of firms under various market structure.
