College, BIJAPUR,

We are introducing the new program for change in the teaching-Learning process is Student exchange program.

ABOUT THE COURSE

1. Objectives:

The main objectives are to make students to change the style and method of teaching in teaching and learning process.

2. Scope:

The students who have interested in this program will get benefit for learn different methods from the student of different colleges

3. Use of this program:

In this program the students can get the benefit of the following.

- 1) Learn the different methods for same problems
- 2) This increases the curiosity in the students mind
- 3) Students can get more information about the problems or theory in the concepts of Mathematics.
- 4) This exchange is helps the students that get the way of solving the problems.
- 5) It encourages the students to do the seminars in their classrooms.
- 6) The interaction between the students of different colleges makes more confident on the applications of Mathematics.
