A Report
Current Technologies

The guest lecture was organized by BLDEA's S B Arts and K C P Science College, Vijayapur M.Sc. (CS) Department; topic was "***Current Technologies***" on 18th February 2019 at 10.00am in Department Lab. The resource person was Mr Babu Tavildar, Senior Software Engineer from Cognitive Clouds, Bangalore.

The guest lecture was commenced with the Emerging Technologies of today's Corporate Sector those are: Top 10 Trending Technologies in 2019

- 5G Technology
- Internet of Behaviours(IoB)
- DevSecOps
- Intelligent Process Automation(IPA)
- Tactile VR
- Big Data Analytics
- Human Augmentation
- Everything-as-a-Service(XaaS)
- Cybersecurity
- Artificial Intelligence(AI)

He has explained the different technologies in the corporate world in that it is the new upcoming one is 5G technologies which will make the 5G network to be at least 40 times faster than current 4G LTE. This will open doors for new services, network operations and customer experience for telecom operators.

Currently, the market is led by Switzerland, closely followed by South Korea and the US. Later he explained the collection and use of data to drive behaviors is called the Internet of Behaviors (IoB). DevSecOps is short for development, security and operations. Its objective is implementing security at the same scale and speed as development and operations and not just for the sake of it. Robotic Process Automation is basically the idea that '*Anything that can be automated should be automated*'. This year, we've discovered something even more fascinating – *Intelligent Process Automation*. The total session was about 1Hour 30 min.
