TEACHER'S DAY CELEBRATION

"Teachers are the torch bearers of the Gen-next"

Teachers play a major role in making their students responsible citizens of tomorrow and good human beings. It is impossible to imagine our lives without teachers. They are the cornerstone of our future. We can never thank teachers enough for their immense contribution in a student's life. Teacher's Day is celebrated to show our acknowledgement and recognition of the hard work put in by our teachers towards our development.

Each year we celebrate Teacher's Day on 5th September to honour the immense contribution made by our teachers in the field of education and we gratefully remember the educationalist and famous philosopher of our country "Dr Sarvapalli Radhakrishnan" whose dream was that "Teachers should be the best minds in the country.

The day started with the assembly where student teachers greeted the teachers with flowers and greeting cards.
