**Report on International Day against Drug Abuse and
Illicit Trafficking**

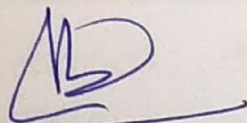

The College on 26/7/2019 organized an awareness programme on the 'addictions' in association with the Revenue Department to commemorate the 'International Day against Drug Abuse and Illicit Trafficking'. Drug and alcohol abuse is a growing hazardous trend among college students. Rather than playing catch up, college campuses are working to get ahead by offering classes and groups that discuss the risks of addiction.

The Chief Guest speaking on the occasion told about the day and its importance. In 1989 the United Nations declared that every year 26th June will be known for "International Day against Drug Abuse and illicit Trafficking" to spread the awareness in the society about the bad effects of Drug addiction and prohibition of Narcotic drugs and its misuses.

'Health for Justice. Justice for Health*', the theme for International Day against Drug Abuse and Illicit Trafficking 2019, highlights that justice and health are two sides of the same coin when it comes to addressing drug problems.

It was also made to realize that the present generation was going through a very delicate phase where **immoral** things become more attractive than moral things. Among them "Drug Addiction" is at the highest pace and place. To note down, India is one of the major hubs for illicit trading of drugs as reported by United Nations backed by International.

The information about the agencies like National Drug Helpline, Narcotic Drugs and Psycho traffic substances Act and also the role of the Revenue Department which acts as Administrator was given.
