World Suicide Prevention Day

'Working Together to Prevent Suicide'

The College's Student Council Cell in Association with the District Health Center, Vijayapur, Celebrated World Suicide Prevention Day on 2.09.2019 in Seminar Hall. According to WHO, worldwide about 800000 people die due for suicide (one death every 40 seconds) and for every suicide there are many more people who attempt suicide every year. Suicide is the second major cause of death among young people 15-29 years of age. The most common methods of suicide are ingestion of pesticide and hanging.

'Working Together to Prevent Suicide' is the theme of the World Suicide Prevention Day. This theme is chosen international fly as it highlights the most essential ingredient for effective global suicide prevention- collaboration. We all as a family, friends, co-workers, community members, educators, religious leaders, political officials and governments have a role to play and together we can collectively act for the challenges presented by suicid of behaviour in society today. By raising awareness about the causes of suicides, warning signs for suicides and care for those who are in distress con help to prevent suicides opined Chief Guest Dr. Manjunath Mosali, Psychiotry, District Health center ,Vijayapur. Dr. Bhanocharyo, Director of Health & Family Department, Dr. Sampath, NLEP & NMHP, Dr A.S.Pujar, Principol, Dr. U S Pujari, IQAC Coordinator, Student Counselling Cell Chairman, Dr. G.R.Ambali, Dr. S N Unki, Teaching & Non-Teaching Faculty were present.
