A Report “Enhancement of skills from Academic to Corporate”

The guest lecturer was organised by BLDEA's S B Arts and K C P Science College, Vijayapur BCA Department, topic was “Enhancement of skills from Academic to Corporate “ on 13th July 2018 at 11.30 am to 1.30 pm in L.H.No 2 . The resource person was **Mr. Ramesh Uppaladinni , Project Leader from Seminal Software Pvt. Ltd., Vijayapur.**

The guest lecturer was commenced with the Enhancement of skills from Academia and Industry. He explained that “ Academia and Industry are two different worlds which operate on different pedestals.. Both have different purposes and different ideologies. However, the rapid pace of change in the outside environment is compelling these two different worlds to come together to address and solve some of the real-world challenges.

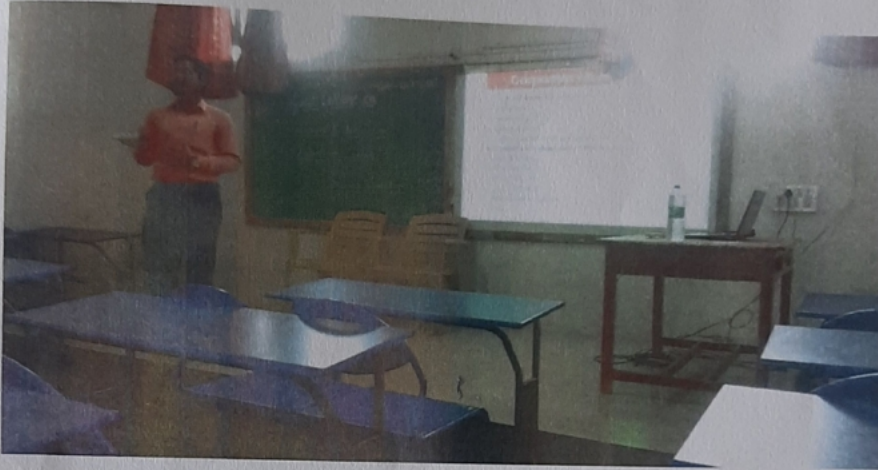

He also expressed that where are we going wrong and what can be done to tackle this challenge? One of the approaches to tackle the problem of lacking skill and job readiness is partnerships between the industry and academia. While predicting the nature of jobs that would be available in the future is difficult, the efforts to prepare people for the jobs should continue.

Though educational institutions are training millions of youngsters yet corporate are often complaining that they are not getting the necessary skill and talent required for a job. Not only have they lowered their hiring standards in order to be fully staffed, they are also conducting training programs to make their hires productive and up to speed.

contd..

Discussed Topics :

1. Alignment of curriculum with industry requirements:
2. Emphasis on skill-based
3. Workplace exposure through internships, live projects, and corporate interactions.
4. Up-skilling the students
