**TED TALK**

**Topic: "Poverty problem in India"**

**REPORT**

Department of Sociology organized "Ted Talk" on the major issue of India. i.e "Poverty problem in India". India is developing country but today most of the people in our country come under below poverty line, who can't even manage their basic needs. The major problem for Poverty is our increasing production; India is most populated county only after China. Lack of education is another problem for poverty. India has advanced in many fields like science & Technology, Education, Medical etc, but we are unable to come out of poverty. Though Government of India has started many schemes for education of poverty but the schemes are unable to reach to the poor people. The Department of Sociology tried to create awareness among the students & also showed major causes for the poverty.
