## : REPORT:

Date : 15<sup>th</sup> Jan 2020

Makara Sankranti is one of the most auspicious occasions for the Hindus, and is celebrated in almost all parts of India and Nepal in a myriad of cultural forms, with great devotion, fervor, and gaiety. It is a harvest festival. Makara means Capricorn Zodiac Sign and Sankranti means transition of the Sun from one zodiac sign to another. Thus Makar Sankranti is the day that marks the transition of the Sun into Makara rashi (Capricorn) on its celestial path. The day is also believed to mark the arrival of spring in India. Makara Sankranti is a solar event making it perhaps the only Indian festival whose date always falls on the same day every year: 14 January, with some exceptions, when the festival is celebrated on 13 January or 15 January.

In the program organized under the aegis of Kalpavruksha, instituted at the institute, Lohri and Makar Sankranti celebrated at the S B Arts and K C P Science College Vijayapur premises, by the students of B.Sc and B.A..

With the help of Kalpavruksha NGO Trust Viayapur, our colleges, including the co-operation of Lohri and Makar Sankranti, were celebrated on the occasion of the holy festivities and the students lauded the festival and entertained this festival with amusement through entertaining performances. This program was inaugurated as Dr. A.S Pujar, and as a special guest, by Mr. B.M.Patil, as a special guest by adding sesame seeds and peanuts. This program was chaired by Dr, Mr.

(continued)

B.M.Patil and many officials, staff members, and dignitaries were also present. On this occasion, a cultural program was jointly organized by the students of our college, in which the program was started by Principal and after this, various students presented their talents by performing different presentations of their talents done and made Lohri memorable.
