Environment and Energy Usage**

Policy Document on Environment and Energy Usage

The B.L.D.E.Association's S.B.Arts and K.C.P. Science College to manage the various Resources of Environment and optimal usage of Energy is to manage energy in a systematic way and thus to minimize its impact on the environment. The policy is followed to explore the renewable energy resources so as to find out the substitutes as solutions for the natural resources. The Energy and Environment Policy builds up a binding with all the sections of the Institution and the Activities organised by it which inturn builds the awareness of working with the efficiencies of saving these Resources in our day-to-day life. The Eco Club of our College has created a window which devotes to the cause of environmental awareness, to undertake green initiatives, and to conduct green literacy programmes to save energy and to protect the environment. The NSS also with its initiative Programmes have created awareness for the Save Energy and Environment.

Our policy is to reduce the impact of the Institution's operations on the environment, through its Green Agenda initiative.

1. The Observation of 'No Vehicle Day' on Every Wednesday of the Week.
2. The LED Bulbs installed in the Campus.
3. The maintenance of Vermi composte.
4. The maintenance of Green Campus.
5. Complying with all applicable environmental legislation and sustainability.
6. The use of various techniques to save Water.
7. The efficient energy use with the installation of Sensors to the Electrical connections in the Classrooms.
8. To train our employees and students through our Eco Club to make them 'Go Green Specialists' and partners to plant trees each year.
9. To undertake beyond Campus Tree Plantation Drives.
10. The Ban of Plastics in the Campus.
